6 x 9 inches

Series: Gender and Culture in the Romantic Era, 1780–1830

Reveals how eighteenth-century ghost hunting developed scientific methods later used by Victorian psychical researchers, highlighting women's significant role in documenting paranormal experiences and offering perspectives often absent from male-dominated historical science

Women and Ghosts in Eighteenth-Century England provides an exploration of eighteenth-century hauntings in the words of the women who experienced them. These female narratives of ghostly experiences formed the foundations for the psychical research that continues today.

Key selling points

- Provides fascinating accounts of paranormal events from the long-eighteenth century collected together in one volume.
- Presents an analysis of primary historical resources including discussion of their lasting legacy.
- Explores a lesser-known time period of psychical research in British history.
- Unearths new women's voices to add to the growing study of women's history.

About the Author(s) / Editor(s)

Eleanor Reynolds researches the writings of eighteenth-century women in relation to the abject female body. She writes historical novels featuring female protagonists with a passion for science, and is represented by Janklow and Nesbit UK. She is part of the Bloody Women duo that examines femininity in slasher films.
