A provocative exploration that intertwines black metal and theology to rethink the divine through dissonance, decay and the genre's radical aesthetic

Black Metal Theology explores what happens when the extreme music of black metal and Christian theology are thought and heard together. The result is a rethinking of the divine as expressed in the intimate processes of worldly decay.

Readership

Academic scholars and postgraduate students of theology, philosophy, aesthetics and heavy metal studies; plus educated, philosophically inclined fans of extreme metal.

Key selling points

Presents the first full-length exploration of black metal in relation to Christian theology.

Provides a radical rethinking of the nature of the divine mediated through extreme music.

Demonstrates a unique blend of theology, continental philosophy and aesthetics.

Presents a study written by a leading figure in continental philosophy of religion and black metal theory
