**Explores what it means to be human and how we should live, critiquing the failures of philosophy, law and academia while offering insights for more meaningful individual and societal existence**

This book presents a philosophical and legal inquiry into the sort of creatures we are, and so how to live well and behave well, and an indictment of the failure of the Academy to address these foundational questions.

#### Readership

This book will appeal to a very broad readership – from lay people to specialists in every corner of academia. It will be controversial. It will raise hackles.
