Exclusive: WORLD

Provides a comprehensive analysis of the regulatory framework for securitisation in the European Union and United Kingdom.

This book provides a comprehensive analysis of the regulatory framework for securitisation in the United Kingdom and Europe. It includes an in-depth treatment of recent and proposed EU and U.K. regulatory changes to the securitisation framework and their application to different asset classes and types of securitisation. It also considers practical issues faced by practitioners working in-house or in private practice in interpreting and applying the regulatory framework.

Key selling points

Provides an extensive analysis and explanation of the regulatory aspects of securitisation in the United Kingdom and in the European Union

Covers all the key aspects of securitisation regulation such as risk retention, due diligence and transparency requirements and the regulatory capital treatment of securitisations for banks and insurers

Includes in-depth analysis of recent EU and U.K. regulatory changes

Considers practical issues faced by practitioners working in-house or in private practice, and suggests solutions

About the Author(s) / Editor(s)

Neil Hamilton is a partner in the London office of Mayer Brown. He specialises in structured finance and securitisation and has a PhD in law from the University of Cambridge.
